The manufacturing company **OOO «Tsaritsynskie Solenya»** is based in the city of Volzhsky, Volgograd Region, and has been producing canned fruits and vegetables since **2012**.

We work with raw materials **«from the field»**, grown under the supervision of experienced agronomists on sponsored farms in the Volgograd Region. Vegetables ripened in **open ground** under the warm sun provide the basis for the **high quality** of the finished product.

The company is systematically working to expand and update the range. We manufacture products not only according to GOST, but also according to the customer's recipe.

Our partners are **federal and regional retail** chains as well as about **50 customers-brand holders** of private labels.
